# PRESS RELEASE

Ware-Butler Building Supply Donates Time and Materials to Build Ski Hut on Quarry Road Trails in Waterville

*The building is expected to be finished by the end of the month.*

**February 1, 2022:** Ware-Butler Building Supply has donated \$7,070 in materials, windows and doors to construct a ski hut for Quarry Road Trails in Waterville. This donation will help the City's goal of reopening ski operations at this location.

Quarry Road is a year-round outdoor recreational area for people of all ages and abilities from the Greater Waterville and across Maine. The first ski lift there was a 1,200-foot rope tow that opened to the public in January of 1938. During the 1970's energy crisis, downhill ski operations were suspended and the area was abandoned.

Friends of Quarry Road and Waterville Parks and Rec teamed up to develop an affordable downhill ski experience for the Greater Waterville community by installing a rope tow on the slopes of the former Colby Ski Area for this winter.

Ware-Butler wanted to show our support of this effort and donate our time and materials to build a ski hut. After several days of work, our employees have nearly completed the building on the Quarry Road Trails. The ski hut is expected to be finished by the end of the month.

You can learn more about the Quarry Road Trails project here: <https://quarryroad.org>

Ware-Butler Building Supply continues to sustain rural business development throughout Maine with competitive pricing and quality building products, allowing projects of all dimensions to reach their full potential.

Ware-Butler Building Supply now has thirteen stores across the state of Maine. Visit [www.warebutler.com](http://www.warebutler.com) for store hours and locations.
